All Time Carlot Movement Record Topped In '54-'55

The Glades previous top record of rail carlot movement was for the '45-'46 season when a total of 12,318 rail cars were accounted for. Up until Wednesday, May 19, there had been a total of 12,342 rail cars moved from the area. There will be hundreds of cars yet to go for this season, so the increase over previous movements should be very substantial.

Corn still maintains its first position, accounting for 428 of rail movements for the week out of a total of 608.

There's considerable celery and some beans, with mixed vegetables being in third place; some radishes are still moving, but the shipping is probably ended this week.

NEW HOME OFFICE OCCUPIED BY RHODES

William B. Rhodes, local certified public accountant, is moving today to his new office at the corner of NE First Street and Avenue C.

Mr. Rhodes has occupied offices for seven years in the Ellsberry Building, and will enjoy more spacious quarters designed especially for his work, with four offices, reception room and file room.

Bert Roemer, local contractor constructed the building, and with the contractor and Mr. Rhodes cordially invite clients and friends to visit and inspect the new home during the coming week.

Mrs. Breger's Mother Dies In Bath, Maine

Mrs. Thomas Breger received the news early last week of the death of her mother, Mrs. Charles Anderson in Bath, Me. Many people in Belle Glade will remember Mrs. Anderson who had spent several winters here. She was 80 years of age and had been hospitalized about three weeks. Mrs. Breger had been called to Maine by her mother's illness some time ago and had attended her son's wedding in Norfolk, on May 7 and had returned to Belle Glade, where she received word.

Banquet, Dance To Mark Jaycee Installation

Al J. Cone, West Palm Beach, National Director, Junior Chamber of Commerce, will be guest speaker and installing officer at the installation ceremonies of the local Junior Chamber at a Banquet to be held at the Municipal Country Club, Sunday, May 22, 8:00 p.m.

SPRINGING FOR ARMED FORCES

WSWN last Tuesday morning were Major William P. Lane, state officer in charge Marine Corps, (left), Mrs. Mary Foy, manager of WSWN, 5-Sgt. Patricia Pryor, 1707 Mrs. Vee, So. Palm Beach AFB and Petty Officer 1st Henry (Frenchie) LaVerne. Every Tuesday A.M. from 10:15 to 10:30, recruits broadcast all phases of recruiting and the public is invited to submit any questions regarding armed forces.

Under Reidel Memorialized By Fellow Officers

The fellow directors of the Everglades Savings & Loan Association, at their regular meeting Tuesday, passed a resolution expressing indebtedness to the said C. E. Reidel for his many years of loyal and unselfish service to the Association, after reciting that he "was largely responsible for the establishment of a Federal Savings and Loan Association in this territory."

The local unit, which Mr. Reidel has guided from a \$2400 capitalization to one of \$7,000,000, has identified itself with home building in the Glades thru conventional loans, FHA and VA guaranteed loans, and has aided many small business firms secure a home.

Feeling that Mr. Reidel "has seen fit for personal reasons to resign," the memorial states that the "resignation has been accepted with great regret by the directors."

Mr. Reidel was "thanked for his untiring and faithful service and wished continued good health and success."

Mr. Reidel is the prime and original developer of the City of Belle Glade, having purchased the property on which includes a majority of the business area and a great deal of residential area, as a bean field.

A sale of WSWN, "The Little Station with the Long Reach," to E. D. Rivers, Jr., of Atlanta, Ga., has been approved by the Federal Communications Commission. The sale has not been consummated but the transfer of stock control from Dr. R. G. Nelson, Tampa, Dr. S. C. Carr, Glade, to E. D. Rivers, Jr., of Atlanta has been approved.

Other stations owned by Rivers are WEAS, Decatur, Ga.; WVJ, Savannah, Ga.; WGOV, Valdosta, Ga.; and KXMD, West Columbia, S.C. Application for approval of the transfer was made on August 18, 1954.

Mrs. Mary Foy, one of the present owners and manager of the station since Tom Watson, Jr., resigned, will be retained as manager of the local station.

Wednesday's Small Sale Drops Week's Movement to 1,865

Rain may have been the difference between a small sale of 209 cattle on Wednesday instead of the general run of around 600.

The demand remains good for the general run of the market, though prices fell slightly, following the general trend of the country.

Slaughterers took a majority of the week's offerings. Total this week, 1,656 cattle, \$108,544.90.

MONDAY, MAY 16
1,447 cattle, \$96,277.33, 685 steers, 190 cows, 239 calves, 184 heifers, 129 pigs, 15 bulls, 59 per cent of 80, and 99 per cent of 5 to slaughter.

SLAUGHTER

Hugh Bratley Is Elected President EFS & Loan Assn.

At its regular meeting on Tuesday, May 17, the Board of Directors of the Everglades Federal Savings & Loan Association elected Hugh J. Bratley as its president to fill the position resigned by C. E. Reidel.

Mr. Bratley has been associated with the loan organization since its total capital would pay only a fraction of his present day salary, and has grown in official position and participation in its activities along with the organization's growth in capital.

Friends and business associates have been congratulating Mr. Bratley on his elevation to the lead position in the Association.

City Manager And FP & Light Discuss Franchise Renewal

City Manager Clarence Robinson met this week with local representatives of the Florida Power and Light Company to discuss an electric franchise contract whereby the city would receive a percentage of the gross income from residential and commercial revenue estimated to exceed \$14,000.

Under the terms of the proposed contract the city would receive a percentage of the gross income from residential and commercial revenue minus taxes and assessments. That figure would have been \$14,000 last year.

Robinson will report his findings to the city council at their meeting next Wednesday. They may take action at that time on the franchise.

One other alternative was suggested for revenue for the city. This would mean creating our own electric plant wherein the city would operate separately from Florida Power and Light. Estimated cost of such a venture was in excess of eight million dollars.

R. K. Showalter, associate horticulturist from the Gainesville station, has been studying the quality of corn heavily in the area. Each day quality determinations in the laboratory are made at the Everglades station by Showalter.

A USDA official is stationed at a Belle Glade terminal market where he purchases corn at the wholesale warehouses and retail stores. Such procedures recall the evaluation of methods currently used for maintaining the original quality that was in the corn at the time of harvest.

The shortest time between these two points has been two days. If adequately precooled and refrigerated, this corn should be of fairly high quality; however, some of the corn was found to reach the consumers after 11 days, sometimes with 8 days.

Shawano To Acquire 63 Oil Wells Through \$6,000,000 Transaction

The Shawano Development Corporation of Palm Beach, Fla., will acquire 63 oil producing wells now being operated on 50,000 acres of land in seven western states, by virtue of a proposed plan to merge with the Garnak Drilling Co., Denver, according to an announcement released by Alexander L. Guterman, president.

The merger terms, which will be presented to stockholders of both companies for approval on June 3, "will provide Shawano shareholders with an additional 63 oil producing wells worth approximately \$6,000,000 from Shawano."

Both company presidents said they were confident that their respective stockholders would give their approval to the transaction.

According to Guterman, the acquired oil wells range in depth from 3,000 to 7,000 feet. They are located in Kansas, the Rocky Mountain area.

He said the agreement to merge Shawano with the Colo-

Rep. Emmet Roberts

Protection?

Sheriff John Kirk has given approval for fire arm permits to guards in the telephone company's employ after considering the pros and cons for some indefinite time, according to reports.

Mr. R. J. McDonald, Union President, it is reported, has asked for police protection at headquarters because "a large piece of cement was thrown through a window."

Who needs protection from whom?

Certainly guards on telephone property need some means to defend themselves and the property they are guarding, as proven by a fire and dynamite and personal aggression and attack.

We think Palm Beach County need guards, too—

From the inhuman, dominating, unAmerican "rule by fear" from the inside of their own unions.

We do not think the South in general, Florida, nor Palm Beach County, need guards belonging to the Lion's Club which should return at least \$10,000. The city has set aside \$14,033.66 in the form of a residential fund to be used at this time.

Numerous civic organizations and individuals have promised to contribute to the building fund so that some work is set up to receive the funds.

W. A. Thielack, speaking for the committee, said a plot of ground east of the Belle Glade High School football field had been tentatively selected.

Miss Sarah Chubb spoke concerning plans for the pool and pointed out that some work had been done with the national Recreation Association a few years ago.

It was advised that the pool be of A.A.U. standards. An above ground pool of concrete and pump and pumping system or systems which can be installed.

Mrs. Mary Foy, speaking on publicity, said that a saturation campaign would begin on radio station WSWN to develop interest in the pool. Publicity folders, circulars, car stickers and newspaper articles were all suggested as possible means of creating widespread publicity.

A thermometer-type graph will be placed in front of the Chamber of Commerce office to report the progress of the re-

LAST RITES for Mahlon Eagleston

Charles Eagleston, 80, who died at the Belle Glade Memorial Hospital Friday night at 11:30, were held at Wetherington Chapel Tuesday morning at 10 o'clock. Burial was in Woodlawn Cemetery, Miami.

Mr. Eagleston who had been in ill health since last December was admitted to the hospital two days before his death.

A native of Dubuque, Wis., he came to Miami in 1908 where he was a construction worker on the Deering Estate. In 1917 he moved to Belle Glade and has lived here since that time.

He served on the city council in the early 30's and was in the dairy and farming business and had worked as overseer at Brown's Peanut Farm in the early years. At the time of his death he was maintenance man for Mrs. Allen Greer.

Survivors are his wife, Mrs. Mary B. Eagleston, Belle Glade; two sons, William, Belle Glade, and George, Cocoa, stepson, R. C. Taylor, Port Orange; four daughters, Mrs. Martha Vinne, West Palm Beach, Miss Mary Eagleston, Mobile, Ala.; Mrs. Sara Nelson, Florida City; and Mrs. Grace Lyons, Ft. Walton, one sister, Mrs. J. F. Browne of Chosen.

FFA President Is Presented Award

Approximately 200 persons in the Belle Glade Chapter of FFA were in attendance at the Annual Parent-Son Banquet held at the Elementary school auditorium, last Friday night.

Rodney Walker, president of the FFA, received a plaque, the award presented by the local chapter and the Foundation for the best farming program for the year.

George Farnall was presented the chapter award of \$25 for the most outstanding farm program, by W. J. Norris, Advisory Council chairman. He also presented \$15 to Harry McDonald for second and \$10 to John Prevatt for third in the farm program.

Al Durran, presented the (Continued on Page Four)

C&SFFC District's Budget Is Readied For Formal Okay

A proposed program of work to be engaged in by the Central and Southern Florida Flood Control District during the fiscal year beginning October 1, was presented to the Governing Board of the District at its meeting on May 6 in Clewiston.

The major elements of the proposed program, as outlined by W. J. Norris, Executive Director of the District, are:

1. Maintenance of the present high water level in the question of lands, rights of way, and easements needed for constructing the project works.

2. Start acquisition of lands needed to meet additional water storage requirements.

3. Continuation of the progressive development of the District comprehensive, integrated program.

4. Expansion of the present efforts of the District in encouraging increased participation of County Committees in the study and planning of the District comprehensive program. (Continued on Page Two)

Holland Aiding Ellender's Sugar Quota Legislation

Senator L. Holland is a co-sponsor along with 47 other senators of Louisiana's Senator Allen Ellender's bill designed to bring relief to American sugar growers who are suffering because of inability to market their sugar and hold thousands of tons in storage because of quotas that favor Cuba and other foreign producers.

In spite of the fact that the Ellender bill does not adversely affect Cuba and would simply allow sugar growers of Florida and other states to share in the increased sugar market in their own country and thus move some of the excess sugar they are now compelled to hold, the bill is bitterly opposed by Cuba.

Discussing his bill Ellender said, "My bill gives relief to the domestic sugar industry of such a moderate nature and in such a way that it will have no ill effect on Cuba or any other foreign country, it will actually result in increasing rather than decreasing our present trade

possibilities with Cuba and other foreign countries."

He took Cuban "propaganda" to task for "vicious and unfair attacks" upon the domestic sugar industry and said there appears to be a "well-financed and thoroughly unscrupulous campaign underway to convince the American people and Congress that Cuban sugar interests are more important than our own."

He asserted that the proposed changes would not affect Cuba's present quota but would only reduce from 96 per cent to 42.2 per cent the Cuban share of the annual increase in U. S. sugar consumption.

Ellender pointed out that domestic area quotas have been rigidly fixed since 1948. He said the quotas "are now grossly inadequate largely because of increased per acre yields and other advances which have made American sugar farmers the most efficient in the world." Even after substantial acreage reductions, he said, stocks of sugar in domestic areas are excessive and growers including American sugar farmers are being denied the right to produce a fair crop.

"It certainly seems fair to me to afford these areas the mod-

erate amount of relief we have proposed," the Senator said, "this is particularly true since Cuba is not being asked to make any reduction in her quota and since Cuba was so generously treated by domestic legislation in effect since 1948."

"I do not think it is asking too much for our farmers to seek a share of the consumption increase of their own people," he concluded. "It simply allows American growers a right to share in the growth of their own country, something I don't believe any American would deny any other American."

CS&FS DISTRICTS

(Continued from Page One)
rated plan, and in assisting in the formation of such committees.

5. Continuation of participation on a cooperative basis in the construction of emergency preventive works, as the need arises.

6. Continuation of programs of cooperative studies and research with governmental agencies, educational institutions and other interests having a responsibility in water control problems, and initiation of such further programs as may be appropriate and in the interest of the District.

7. Continuation of the District's efforts to expedite construction of the Federal project.

The new proposed budget, which implements the program outlined above, totals \$4,065,000. This represents a decrease of \$842,860 over the \$4,947,860 current budget.

The breakdown of the principal items in the proposed budget is: For construction, \$1,418,100, a decrease of \$178,070; acquisition of land and relocations, \$1,240,225, a decrease of \$844,517; operation and maintenance of District works, \$882,500, an increase of \$196,974; conduct of the affairs of the District, \$285,375, a decrease of \$19,810; tax assessor's fees, \$46,690; and reserves, \$179,000.

The construction item in the tentative budget is largely the 15 per cent cost of constructing the project works, matching the 85 per cent contribution of the Federal Government. This totals \$1,235,000. The remaining \$82,100 represents normal construction performed by the District with its own forces, or under contract.

The budget item for land acquisition provides both for acquisition of lands needed for construction of works on the immediate construction schedule of the Corps of Engineers, and for lands to be needed later by the Federal program. Acquisition of the latter is being pushed as an economy measure to avoid the added expense caused by rising land values.

Also included in this portion of the budget is an item of expenditure for the acquisition of additional lands for water storage areas. An early start on this program is desirable to keep land and relocation costs at a minimum.

The increase in the proposed budget item for operation and maintenance of District works reflects the normal increase as the Corps of Engineers turn over a greater number of completed works to the District, and additional personnel are needed for their operation and maintenance.

The further development of the District comprehensive, integrated plan will require additions to the staff of the District's engineering division. The salaries and wages of these personnel form the remaining portion of the increase in the operation and maintenance budget item.

Of the \$179,000 reserve funds, \$150,000 is earmarked for use only in time of extreme flood

disaster emergency and can be drawn on for such purpose only upon formal declaration by the District Governing Board that such an emergency exists. The \$29,000 is a reserve for the replacement of parts and equipment at District operated pump stations.

The estimated income of the District for the budget period will come from these sources: From the ad valorem District tax, \$1,680,000; general revenue fund of the state, \$1,950,000; to be received from other sources, \$125,000; from the unobligated balance carried over from the previous fiscal year, \$250,000.

Following acceptance of a tentative budget on May 6, it will be advertised in the 17 counties comprising the District. Before adoption by the Governing Board, a public hearing will be held on June 11 in the FCD office in West Palm Beach.

Positions Open For AG Market Reporters

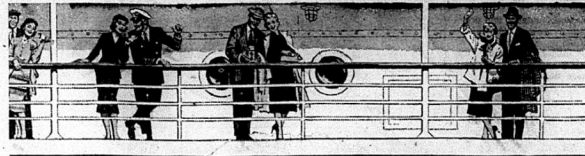

The United States Civil Service Commission has announced an examination for Agricultural Market Reporter for filling positions connected with various agricultural products. The positions pay \$4,203 to \$5,940 a year and are located principally in the Department of Agriculture in Washington, D. C., and throughout the United States.

To qualify, applicants must have had appropriate experience or education. No written test is required. Further information and application forms may be obtained at many post offices throughout the country, and from the U. S. Civil Service Commission, Washington 25, D. C.

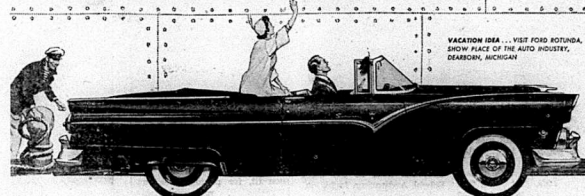

Applications will be accepted by the Board of U. S. Civil Service Examiners, U. S. Department of Agriculture, 6th Floor, Administration Building, Washington 25, D. C., until further notice.

KINDERGARTEN GRADUATION

The Belle Glade Kindergarten will hold graduation exercises May 27, from 10 to 12 a. m., at the Everglades Presbyterian Church, according to an announcement made by Mrs. Francis Harris, chairman. The public is invited to attend.

Beta Sigma Phi Holds Installation Rites

Traditional ceremonies for installation of officers of the Beta Sigma Phi, were presided over by Mrs. A. P. Hopson, director of the group, preceding a regular meeting held Thursday evening at the home of Mrs. Harold Zumpf.

Background decoration for the impressive ceremony included an arrangement of yellowed flowers, a black bowl with lighted black tapers in black holders on either side.

Francis Cross, Jr., was installed as president for the coming year. Other officers included: Mrs. Louis Kirchman, corresponding secretary, Mrs. Edna J. recording secretary, Mrs. J. C. Abbott, extension officer, Mrs. Zumpf and sponsor.

Following the installation the new officers took their positions and the new president, Mrs. Cross, announced the following committee appointments: social, Mrs. George Wedgworth, chairman, Mrs. Lorenza Conner, Mrs. Milton Carpenter, Mrs. Thomas Chappell, Mrs. Clyde Clayton, program, Mrs. C. L. Todd, chairman, Miss Frankie Farmer, contact, Mrs. Earl Lindrose, chairman, Mrs. Dan Beardsley.

McAllister, Mrs. R. T. Bell, Mrs. Mildred Williams, Mrs. Charles Gordon, chairman, Mrs. John Munroe, publicity, Mrs. Rosa Nash, historian, Mrs. Sam Lovell, parliamentarian, Mrs. Wm. A. Wooten.

The president also appointed a special committee of Mrs. McAllister and Mrs. Cornell to serve on the swimming pool project.

Mrs. Munroe and Mrs. Zumpf were co-hostesses.

Dinner at Edelweiss Honors Mrs. Breslar

Mrs. A. B. Breslar was complimented at a farewell dinner at the Edelweiss Tuesday evening. A resident of Belle Glade for the past seven years, Mr.

We heard of a chiropractor who claims one of the commonest ailments about this time of year is the fisherman's stretch. In the early days of the fishing season it's as common as crows in a cornfield. The fisherman's stretch is used by the followers of Isaac Walton to describe "the one that got away," and an angler that's really trying can feel the more knots in his muscles this way than a sailor ever heard of.

As the season progresses the casualty rate drops . . . not because the anglers are more truthful, but just because they get more limber. So if you happen to meet a friend coming down the street looking like a B-29 making a cross-wind landing, you can tell he's just in from a fishing trip. And if you can't tell . . . he'll be glad to give you the word.

The Army reports it now has a dental drill that can be hooked on a jeep battery so that a man can get his teeth drilled in the field. Man, how lucky can you get? In dependable prescription service chance doesn't play any part. The pharmacist takes great pains to see that your doctor's prescription is filled exactly as ordered. You'll get that accurate, dependable prescription care when you bring that prescription to GLADES DRUG STORE.

INSTALLATION RITES were conducted by the Chosen Garden Club last Tuesday afternoon at the home of Mrs. W. D. Roth, for the first officers of the newly formed organization. Left to right: Mrs. Irene Zumpf, president of the Belle Glade Garden Club, presented gavel to Mrs. C. Neuschwander, proxy for Mrs. Dick Le Flis, president. Next in line is Mrs. Paul Kirchman, vice president; Mrs. Lloyd Bass, secretary, and Mrs. Bob Cowart, proxy for Mrs. J. Y. Dell, treasurer and Mrs. Ivan Van Horn, past district director, who presided over the installation. (Photo by Averill)

ending in a cathedral train, was entirely embellished with crystal embroidered Swiss organdy butterflies. Her veil of illusion fell from a double circle of lily of the valley, clustered with pink camellias and sweetheart roses. It was edged in lace and showered in lovers knot with valley stems and pink roses.

A lovely gift was presented Mrs. Breslar. Following the dinner Mar-Jong was played.

The guest list included Mrs. G. Gordon, Mrs. Victor Mulder, Mrs. Jack Kaufman, Mrs. Hy Pearlsman, Mrs. Edwin Kodish, Mrs. Michael Kodish, Mrs. Fay Schaff, Mrs. Al Mulbach, Mrs. Jonas Lehrer, Mrs. Abe Dobrow, Mrs. Arnold Lee, Mrs. Henry Blum, Mrs. Herbert Weiser, Mrs. Isaac Gottlieb, Mrs. Ethel Ginsberg and Mrs. Al Silver.

Shower Compliments Miss Jane Webster

Miss Jane Webster, whose wedding will be an event of June 12, was complimented at a bridal shower last Thursday night at the Muskepile Clubhouse.

Arrangements of gerbera, roses and fern were placed about the room. The May Day theme was carried out with a miniature Maypole centering the table laden with gifts.

The honoree was crowned queen of May by Miss Jane Norris and presented a rolling pin to rule over her kingdom. Miss Nora presented a special recipe or advice to the bride to be. The lucky number one received a prize. A word game was also played. Prize winners were Miss Rosalyn Farmer and Mrs. Grady Edwards.

Refreshments of punch and cake was served by the hostesses Mrs. Irene Greene, Mrs. Bill Bailey, Miss Montine Doolittle, Miss Marianne Womack, Miss Jane Norris, Miss Dorothy Mobley and Mrs. Floyd Reeve.

Attending were Mrs. Edwards, Miss Farmer, Miss Betty Jo Hayes, Mrs. W. J. Norris, Mrs. John Robinson, Mrs. Iversie Congleton, Mrs. Kathleen Livingston, Mrs. Virginia Walker, Mrs. Pat Brent, Mrs. E. D. Humphries, Mrs. W. J. Cunningham, Jr., Mrs. John Simmons, Mrs. Betty J. Heldt, Mrs. Bob Edens, Mrs. Annie Clayton, Mrs. Eleanor Webster, Mrs. B. T. Beverly, Mrs. Bob Davis, Mrs. Ted Roman, Mrs. Audrey Jones, Mrs. Irene Hurt, Mrs. Mendall Lago, Mrs. R. Delosch, Mrs. John Cook, Mrs. Martha Tryon and Mrs. Jack Miller.

Ceremony In Norfolk Unites Miss Palasthy

The Trinity Lutheran Church Norfolk, Va., was the scene of a lovely military wedding, Saturday, May 7, at 4:30 p.m. when Miss Lola Ethel Palasthy became the bride of Lieutenant (jg) John Charles Bregger, USN.

The bride is the daughter of Mrs. Michael Julius Palasthy and the late Mr. Palasthy of Portsmouth, Va. Lt. Bregger is the son of Dr. and Mrs. Thomas Bregger of Belle Glade.

The ceremony was performed by the Rev. Paul A. Plawin, pastor, before the shrine altar which was decorated with white gladioli, snapdragons, stock and sweet peas. The bridegroom wore a tuxedo with white bow tie and white gloves. The bride wore a white gown with a long train and a full skirt.

A program of nuptial music was presented by Mrs. Harold Wilson of Warwick, organist, and Ralph Brown, of Norfolk, soloist.

Given in marriage by her brother, Arthur Palasthy, the bride wore a gown of lily-of-the-valley silk tulle over pseudonoir, fashioned with meshed bodice and portrait neckline, trimmed with crystal embroidered organdy. The full skirt,

white crystalite, styled with wide scalloped necklines, trimmed with sequin and pearl embroidery and full-hooped skirts. They wore large horsehair picture hats, the crowns encircled with red velvet ribbons ending in long streamers at the hem of the gowns. They carried delicate bouquets of red tulips and white French lilies.

Lt. (jg) Carol C. Smith, USN, was best man for the bridegroom. Groomsmen were Ensign Lee Rice, Ensign C. J. Carmody, Ensign John Meadows, and Lt. (jg) K. Paul Hughes.

Mrs. Palasthy chose for her daughter's wedding, a midnight blue antique silk gown trimmed in white Swiss organdy embroidery. She wore matching accessories and a corsage of white orchids.

Mrs. Bregger wore for her son's wedding a gray lace gown with navy accessories and a corsage of white orchids.

A reception followed the ceremony in the Chesapeake Room of the Commissioned Officers Mess, Naval Air Station, later Lt. and Mrs. Bregger left on a Southern wedding trip.

For traveling the bride wore an emerald green antique silk suit, natural straw accessories and a sandweld cybedium orchid. Upon their return they will be at home at 21 Sandra Lane, Portsmouth.

Among the out-of-town guests were Edward Strong, Miss Nita Bregger and Mrs. B. S. Clayton of Washington, D. C.

BANQUET, DANCE TO MARK

(Continued from Page One) day night, May 21 at 8 p.m.

Following installation dinner there will be a dance at 10 o'clock, which will be open to the public. Admission is \$3.00. Music will be furnished by the C-Jay Orchestra.

WEDDED FIFTY YEARS—Mr. and Mrs. Fred Kirchman, (Mom and Pop), of Chosen, cut their golden anniversary cake at a dinner given in their honor by their children, at the Municipal Country Club last Wednesday night. Many old timers of the area were in attendance in addition to the children and grandchildren. (Photo by Averill)

Martin, Mr. and Mrs. Floyd Wilder, Mrs. D. N. Partain, Mrs. Edith Eckman, Mrs. Tripp, Mrs. Jessie Edwards, Miss Harriet Edwards, Mrs. Sam E. Henderson, Mrs. M. J. Hardy, Mrs. J. C. Bowen and the cafeteria manager.

Those working Friday were Mr. and Mrs. Floyd Wilder, O. H. Martin, Mrs. Kayles, Mrs. D. N. Partain, Mrs. Nell Sloan, Mrs. Leo Oyster, Mr. and Mrs. Pellon Morris, Mrs. Tripp, Mrs. Billy Rogers, Mrs. E. J. Leathlean, Mrs. Binkley, Mrs. I. M. Roberts, Steve Tallick.

LEGION AUXILIARY HOLDS REGULAR MEET MONDAY

The American Legion Auxiliary Unit No. 161 met Monday night at the Legion Hall. They transacted routine business and voted the sum of \$10 to aid a needy family in Lake Harbor.

Those attending were Mary Lou Bowen, Royell Davis, Winnie Plank, Maymie Henderson and Opal McKinley.

Four Accidents Occur In Glades This Week

State Trooper John Hicks reports four highway accidents in this area Sunday and Monday. The first accident occurred at 10 a.m. Sunday, 24 miles south of South Bay on U. S. Highway 27.

Two vehicles were involved, both traveling south. Arthur Simmons, 24, driving a truck owned by the Miami Tomato Corporation in Hialeah, started to pass a car driven by Roosevelt Crawford, 27-year-old Negro. An oncoming car forced him to return to his own lane and his truck struck the car.

Crawford was hospitalized at the Belle Glade Memorial Hospital with lacerations on the left leg, multiple cuts and bruises. His wife Lillian, age 28, suffered a possible back injury, a sprained hip, multiple abrasions.

Simmons was released on a \$150 appearance bond, charged with failure to have his truck under control and causing an accident.

The second accident occurred at 6:40 p.m. 12 miles south of South Bay on U. S. Highway 27. Jack Lewis Camp, age 28, of 258 West 16th St., Hialeah, traveling south in a heavy rain and wind storm, lost control of his car. It left the highway on the left side and turned over against the pine tree behind it. His wife, Shirley Camp, age

27, was hospitalized for abrasions and shock. A son, Curtis, age 3, suffered contusions and cuts on his forehead. They were expected to be released from the hospital Monday afternoon.

The third accident at 7:30 p.m. involved a 1946 Packard sedan. The driver lost control on the wet pavement at Vinegar Bend on SR 80. The car left the highway and overturned in the canal.

The driver reported to be John Henry Moore, owner of the car, left the scene of the accident before the officer arrived and up to Monday afternoon had not been apprehended.

Trooper Hicks stated that when caught he would be charged with excessive speed, failure to have his car under control and causing an accident.

The five Negro passengers suffered only minor injuries and were released to their homes.

Joseph Cantwell, age 76, Los Angeles, Calif., traveling north on U. S. Highway 27, Monday forenoon, lost control of his car when 18 miles south of South Bay. The car left the pavement on the right shoulder, veered sharply to the left shoulder and struck a tree.

He was admitted to the Belle Glade Memorial Hospital suffering from a head injury, the head and chest injuries. His injuries were aggravated by his age. No other car was involved.

Revival Closes With Cornerstone Rites And All Day Services

The two weeks revival at the South Bay Baptist Church closed Sunday with an all-day service and basket dinner at noon.

There were five additions to the church, Mr. and Mrs. P. B. Smith, Mrs. J. C. Bowen, Archie Kelley, Billy and Ronnie Bowen.

The afternoon service was marked by cornerstone rites

conducted by Rev. John Cooper, pastor. The monument contains minutes of the meeting at which the site of the church was accepted, the resolution to build the church, Baptist Convention bulletins for 1952, '53 and '54, also the oldest coins possessed by a number of members attending.

Fifteen Baptist pastors, their wives and children, who were passing through enroute to the Southern Baptist Convention in Miami attended the morning service and a part of them remained for the dinner.

A motecole composed of delegates from the several churches in the Big Lake Association attended the Sunday night program at the Southern Baptist Convention. They will have refreshments at the South Bay Baptist Church enroute and be joined here by those representing the local church.

NEGRO NEWS

The nursery will be able to take care of about 50 children of pre-teen age while mothers are busy in the fields at harvesting time. According to Mrs. Amelia Houston, President of the Civic League, it is hoped that work will begin sometime this summer.

The architect, Frederick Sillman of West Palm Beach, has drawn plans for a concrete-brick-stucco structure that will exceed \$80-90 thousand dollars when completed. No definite estimate has been made.

The building will be erected on five lots owned by the city on 10th street along Lakeshore elementary school. The lots were purchased by the Women's Civic League and the city nearly two years ago at a cost of approximately \$3,500.

At the last regular meeting of the Belle Glade city council a resolution was passed stating that the city would help in any way possible in completing the construction. The council is expected to handle most of the administrative details.

According to Mrs. Houston, the Men's Civic League here has joined with the women's group to help work out details. The next meeting of the groups has been set for sometime next week. Mrs. Houston stated that some cash donations had been pledged but more would be needed. She urged all citizens to help in providing adequate recreational facilities for the young children of the community.

The Juniors and Seniors of Everglades Vocational High held their prom dance Tuesday, May 17, in the colorfully decorated Okeechobee project as special building which had been decorated with crepe paper and balloons to accent the theme of "An Arabian Night."

As the students danced to the music of Charlie Brantley's band, the semi-formal affair was given authenticity with the presence of "harem girls serving such delicacies as "Date Melody Cake," "Shake's Delight Ice Cream" and "Magic Carpet Punch."

The assembly hall "rocked" from 10 p.m. until 1 a.m. featuring not only the band's music but special music and dances arranged by the junior class members.

Mrs. E. B. Moore is the junior class sponsor, and Miss Marian Orr is senior and Miss Mary C. E. Riedel, retiring president of the Everglades Savings and Loan Assn., was honored by the staff of the organization at the office on Friday afternoon. A gift of cuff links and tie clip set was presented Mrs. Riedel. He had been president of the association since 1934 until recently when he retired. Refreshments were served by the group.

PROTECTION? (Continued from Page One) lar, is ready to turn any public utility over to the whims of labor leaders whose judgment is backed by inexperienced administration and management.

We don't appreciate any sarcastic remarks about the writer "not being a working man." There's not one of the strikers, nor their officials, who can match hour for hour, day for day, week for week and month for month labor with the writer for the past five years, and longer, and "we ain't no spring chickens."

We have payrolls that have been going to the same persons for 15 years, ask them, and hundreds of others, if we are fair to our labor!

SO. BAY LIONS vs. JAYCEES

STANDY The game was a close, well-played one, with the home team, the Lions, leading 12-0 at the half, and 17-0 at the end of the third quarter. HOMECOMING DAY AT LAKE HARBOR BAPTIST—Annual Homecoming Day will be observed Sunday, May 22, at Lake Harbor Baptist Church. Former Pastors have been invited to participate in the services, and many members who have moved away are expected to return for this special event.

After the old fashioned dinner on the ground an afternoon service will be conducted, featuring a special musical program arranged by the pastor, Rev. R. R. Harlie, who has served as Evangelistic Music Director in past years. Speakers of the occasion will be the Rev. U. W. Malcolm, of First Baptist Church, Belle Glade.

A baptismal service will be held after the afternoon service.

During the evening hour, at 8:00 p.m., the pastor will show colored pictures of the Cayman Islands, British West Indies, where he plans to go next week for a 10-week tour of revival services in five Baptist Churches there. Rev. Harlie served as missionary pastor of these churches from 1945-47.

The public is cordially invited to attend all these services, and to bring a basket for the dinner on the ground, Rev. Harlie said.

NEWS OF GLADES JEWISH COMMUNITY CENTER

The regular weekly services were held at the Woman's Club on Friday, May 13. Following the service an informal round-table discussion was held pertaining to the building of the future center. Deed to the grounds has been received and forwarded to the City Clerk for recording, after which the Board of Directors and officers will meet at the home of the president with the architect, Mr. John Pickett, to discuss and arrange plans for the building.

GUEST MINISTER AT PRESBYTERIAN CHURCH

Rev. Luther Cox of Holden, Okla., will be guest minister at the Everglades Presbyterian Church on the Sunday

services. Rev. Cox is a brother of Dr. R. S. Cox of the Everglades Experiment Station.

AIR CONDITIONING IN EFFECT AT NEW CHURCH

Air conditioning in the new Community Methodist Church has been installed and will be in effect for the Sunday services, according to Rev. Edward Garrett, pastor.

The congregation will enjoy this new feature of the church during the summer months. Loyalty dinners on Tuesday and Wednesday nights at Jameson Hall were a huge success. There were over 300 members in attendance.

Effects Of Atomic Cocktail On Cancer

The American Cancer Society today announced the results of a long-term study of the effects of "atomic cocktails."

The research was conducted by Dr. Brown M. Dolyna for four years at Massachusetts General Hospital and Harvard University School of Medicine in Boston and, for the last four years, at City Hospital and Western Reserve University here, where Dr. Dolyna is Associate Professor of Surgery.

The project has now ended, and Dr. Dolyna, still with Cancer Society support, has turned to another phase of research, the body's chemical secrets of manufacturing thyroid hormone.

An "atomic cocktail" is a glass of a radioactive iodine, which patients drink.

Dr. Dolyna and his associates treated a large number of thyroid cancer patients with this by-product of the atomic bomb over the last eight years. His extensive laboratory observations have supplied answers and partial answers to some problems and left other questions.

One of the surprising results of this research was the finding that in some cases overactive thyroid glands, which were not cancer proved to be the unexpected cause of certain heart conditions.

The thyroid gland stops up most of the body's iodine intake and incorporates it in thyroid hormone. Radioactive iodine has been used against cancer of the thyroid gland in some cases on

a theory that the cancer might take up a good deal of the substance and be destroyed by the rays.

Dr. Dolyna and his associates found that about 15 per cent of the patients with thyroid cancer were helped by radioactive iodine. These, without doubt, enjoy a longer and more comfortable life than thyroid cancer otherwise would have permitted. Some of them showed exciting remissions — the large and painful lumps in various parts of their body withered away completely, pain was banished, and very sick people left their beds and returned to work and a normal way of living.

Although complete elimination of all traces of the disease may not be possible, relief sometimes lasting years may occur. Furthermore, recurrence may be treated again and again as long as the cancer cells try to collect radioactive iodine.

Thyroid cancer cells which have become unspecialized and do not make thyroid hormone, however, do not take up the iodine, and they survive and multiply to eventually populate the body with tumors that radioactive iodine is unable to touch.

State Revokes 3,627 Licenses 1st Quarter

For the first three months of 1955, the Department of Public Safety's drivers license division handled 3,627 revocations, 959 suspensions and 431 cancellations, a report for the first quarter of the year showed today.

The largest revocation action was in February when the division revoked 1,202 licenses, however, revocations have held steady since the first of the year with 1,198 in January and 1,165 in March.

Other activities for the three months period include: Three hundred and six suspensions in January, 269 in February and 375 in March. Cancellations included 197 in January, 138 in February and 86 in March.

In addition to the department's actions on driver's licenses, the parole commission returned 215 in the first quarter. Licenses returned by the Commission are with restrictions.

Parole commission returned like this: January 94, February 115 and March 106.

Mrs. Sabiston Conducts Annual Pledge Service

Mrs. M. M. Sabiston conducted the Annual Pledge Service of the Women's Society of Christian Service at the Community Methodist Church last Wednesday. The group marched to the altar and gave their pledges for the year.

Mrs. Herbert Beck presented a life membership pin to Mrs. George Garrett gave reports on the District Conference held in Ft. Lauderdale, the theme was "The Master Called For This."

The Mary Martha and Ruth Naomi Circles won in the attendance contest and will be entertained by the Joy and Star Circles.

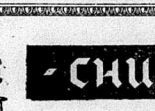

Reports were given by Mrs. James Welgren on children's work and Mrs. Beck reported on Women's Federation work. The kitchen committee also reported.

Circles members were drawn for the new year.

Episcopalians Celebrate Tenth Anniversary Of Bishop's Consecration

Episcopalians of the Glades area will join in celebrating the tenth anniversary of the consecration of the Rt. Rev. Henry I. Lottitt, D.D., to the episcopate. Father Lottitt in 1945 was finishing up a very successful pastorate as rector of Holy Trinity Church, West Palm Beach. Under Ep Lottitt's pastoral leadership the diocese of South Florida has shown remarkable growth. A solemn pontifical Eucharist will be offered on Monday in the Orlando cathedral. Father Lottitt will celebrate the Eucharist on Monday at 7:30 in St. Martin's, Clewiston.

The Rt. Rev. Martin J. Brann, D.D., suffragan bishop of the

Churches To Renew Attack On Alcohol

Representatives from seven of the major Evangelical denominations in Florida met in Orlando recently to plan a renewed and more vigorous attack against the moral, social, economic and political difficulties arising from the sale and use of alcoholic beverages in Florida. The group voted to change the name of their cooperative inter-church organization from United Florida Drys, Inc., to United Christian Action, Inc. The purpose of the joint efforts of the more than 250 churches in the cooperating denominations is expressed through the slogan "Facing The Alcohol Problem. Committed to Personal Abstinence," working through a three-point program of "Education, Legislation, and Reclamation."

Special Children's Day At St. John's Church

Next Sunday, at 9 a.m. the close of the Sunday School year will be marked by a special Children's Service at which the vicar, Father Petrie, will make a short talk. It is planned in future years to have Sunday School run throughout the summer as the church will then be in its own building.

Churches of Christ, Scientist

Man's true selfhood as a spiritual child of God—possessing dominion over sin, sickness, and mortality—will be set forth at Christian Science services Sunday in the Lesson-Sermon "Mortals and Immortals."

Close of the services to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be the following: "Immortal man was and is God's image or idea, even the infinite expression of infinite Mind, and immortal man is co-existent and eternal with that Mind... Immortal man is not and never was material, but always spiritual and eternal" (336:9-12, 16).

Circle selections will include the following from Palm (1:16): "Blessed is the man that walketh not in the way of sinners, nor standeth in the seat of the scornful... For the Lord knoweth the way of the righteous; but the way of the ungodly shall perish."

Evangelist Scott

OF MIAMI

IS CONDUCTING A SERIES OF EVANGELISTIC AND

REVIVAL MEETINGS

WITH THE

Church of Christ

N. W. SECOND STREET & AVENUE D

BELLE GLADE, FLORIDA

C. W. SCOTT

From Sunday, May 15 thru Wednesday, May 25 or later

The services are being conducted each evening at 8:00 P. M.

Mr. Scott who has been regular evangelist with the Seventh Avenue Church of Christ in Miami for the past five years has been heard over Miami radio stations in gospel broadcasts and has conducted meetings throughout the Southern states, Indiana, Ohio, Kentucky, West Virginia, and Pennsylvania. His located evangelistic work has been with churches in Sylacauga, Alabama, Winchester and Danville, Ky., Moundsville, W. Va., Chattanooga, Tenn., and Bryan, Texas. He attended Freed Hardeman College at Henderson, Tenn.

Congregational singing of old and familiar gospel songs and melodies will be a feature of each service. No night collections will be taken.

The Public is cordially invited to attend these meetings.

TODAY'S meditation

Chapman Room

THE WORLD'S MOST WIDELY USED DEVOTIONAL TOOL

Read Matthew 14:22-33.

"Take heart, it is I have no fear." (Matthew 14:27. RV.)

When I was a child, I became very curious of my shadow.

This was so because whenever I went to play, it tagged along

with me. Sometimes it got lost, but most of the time it respos-

ed every soon.

One moonlight night I tired of playing with it and decided

to do away with it. I placed a rock upon it. Then I ran rapidly

away—hoping my shadow might be left behind forever. What

remained when I came back was only the stone—my shadow

had gone with me and returned with me.

This experience of childhood reminds me that we cannot

escape from Christ. He constantly walks near us in our everyday

lives. Sometimes we fail Him, sometimes try to escape from Him.

Some of us deliberately sin to show our independence of Him.

But our sins cannot eclipse His love. He is faithful and tireless

in His wonderful love for us. If we admit Him into our lives, He

becomes in us a light that will shine "more and more unto the

perfect day."

PRAYER

Our loving Father, we feel Thy presence with us at this mo-

ment. We know that Thou dost ever walk with us—in time of

sorrow and in times of joy. We rejoice in Thy fatherly goodness

to us and thank Thee in the name of our loving Father and Ser-

vator, Jesus Christ. — Amen.

THOUGHT FOR THE DAY

I will put my trust in the eternal Rock.

—Narciso E. Abenjoar, Merchant (Philippines)
